🧩 OBJECTIVES

Enthusiastic and detail-oriented Software Developer with a solid foundation in programming and a passion for creating innovative solutions. Possessing entry-level experience, I am eager to contribute my skills and knowledge to a dynamic team in a challenging and growth-oriented environment.

🧩 KEY SKILLS

Front-End Technologies

HTML, CSS, JavaScript, React, Next.js

Back-End Technologies

Node.js, Express

Database Management

SQL, MongoDB

Version Control

Git/GitHub

Web Development

Responsive Design, RESTful APIs

CSS Frameworks

Tailwind/Bootstrap

Programing Fundamentals

C++/OOP

Algorithms and DataStructur

🎓 EDUCATION

B.S Degree of Science Chemistry Department

Ain Shams University / 2021

👛 EXPERIENCE/PROJECTS

Self-motivated and detail-oriented individual with a strong passion for computer science and technology. Demonstrated hands-on experience through personal projects focused on web development,

Collaboration: Excellent team player with effective communication and interpersonal skills.

MERN E-Commerce App 📄

Designed and developed a feature-rich E-Commerce platform from the ground up, showcasing a seamless and user-friendly shopping experience. This application serves as a comprehensive solution for online retail,

Key Features: User Authentication, Product Catalog, Shopping Cart, Checkout Process, Payment Gateway Integration, Order Management, Responsive Design.

MERN Chat-App 📄

Real-Time Chat Application built on the powerful MERN (MongoDB, Express.js, React, Node.js,Socket.io).

Key Features:

Nodejs, React, Express, MongoDB, Responsive Design, Real-Time Messaging, Multi-User Chat

User Authentication App 📄

Developed a robust User Authentication application to manage user registration and login processes seamlessly.

Key Features: User Registration, User Login, Password Recovery and hashing password by bcrypt, JWT Authentication, Responsive Design.

CRUD Application 📄

Designed and implemented a versatile CRUD application using React,

Key Features: Create, Read, Update, Delete, Responsive Design.

Problem Solving: Proven ability to tackle complex algorithmic and coding challenges, having successfully solved over 1000 problems on LeetCode. 📄
